NORTHERN ROCKIES INCIDENT MANAGEMENT TEAM USE AND COMPOSITION

November 14, 2011

The Northern Rockies Coordinating Group (NRCG) sponsored and provided oversight responsibility for two Type 1 Incident Management Teams, one Wildland Fire Management Team and five Type 2 Incident Management Teams for the 2011 season. The Type 1 Teams and Wildland Fire Management Team are managed at the geographic area level (NRCC). The Type 2 Teams are managed at the team zone level.

The NRCG Board of Directors decided at their April 2001 meeting (Decision and Action Item 2001-11) that there should be interagency support to provide equipment and supplies for the Northern Rockies Incident Management Teams (IMTs). Each agency's financial support of the teams is based on the agency's use of Northern Rockies teams over a 10-year period. At the fall 2001 meeting the Board also requested that information be gathered to identify how many IMT members each agency is providing. Each individual agency can use this information to compare its use of IMTs with its participation on the teams. The information on IMT usage by agency and agency unit covers ten years, 2002-2011. The information on Type 1, Type 2 IMT and WFMT composition covers ten years, 2002-2011. Included are 17 tables reflecting IMT usage and composition.

- Appendix A displays Northern Rockies Type1, Type 2 and Wildland Fire Management Team use in the Northern Rockies Geographic Area by using agency and host unit.
- Appendix B displays combined Northern Rockies Type 1, Type 2 and Wildland Fire Management Team use in the Northern Rockies Geographic Area, by using agency and host unit.
- Appendix C displays all (Northern Rockies + Out of Area) Type 1, Type 2 and Wildland Fire Management Team use in the Northern Rockies Geographic Area by using agency and host unit.
- Appendix D displays all (Northern Rockies + Out of Area) combined Type 1, Type 2 and Wildland Fire Management Team use in the Northern Rockies Geographic Area, by using agency and host unit.
- Appendix E displays Northern Rockies Type 1, Type 2 and Wildland Fire Management Team assignments (All Geographic Areas) by using agency and host unit.
- Appendix F displays Northern Rockies Type 1, Type 2 and Wildland Fire Management Team assignments (All Geographic Areas) by incident type and using agency.
- Appendix G displays North Idaho Zone (NIZ) Type 2 Team composition by agency and home unit.
- Appendix H displays Western Montana Zone (WMZ) Type 2 Team composition by agency and home unit.
- Appendix I displays Eastern Montana Zone (EMZ) Type 2 Team Composition by agency and home unit.

- Appendix J displays all Northern Rockies Type 2 Teams' composition by agency and home unit.
- Appendix K displays all Northern Rockies Type 1 Teams' composition by agency and home unit.
- Appendix L displays Northern Rockies combined Type 1 and Type 2 Teams' composition by agency and home unit.
- Appendix M displays Northern Rockies Wildland Fire Management Teams' composition by agency and home unit.
- Appendix N displays Northern Rockies combined Type 1, Type 2, and Wildland Fire Management Teams' composition by agency and home unit.
- Appendix O displays Northern Rockies combined Type 1 and Type 2 Teams' composition by providing geographic area and agency.
- Appendix P displays Northern Rockies Wildland Fire Management Teams' composition by providing geographic area and agency.
- Appendix Q displays Northern Rockies combined Type 1, Type 2, and Wildland Fire Management Teams' composition by providing geographic area and agency.
